REMARKS. -The market opens with an increased activity in grain. The receipts are moderate, while the demand is brisk, especially for corn, the price of which here now equals the quotations in Baltimore. Flour is in good demand with light stocks, especially of choice family brands, for which there is some enquiry. Wheat is looking up, and the demand is improving .-Large sales of Corn at the figures given in our table, and a superior article of Prime White would command higher figures. Rye and Oats are quiet and unchanged.

BAY A Young LADY returning to her counry home after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble moothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any lady's toilet. By its use any lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from and leaving the surface as nature intended it
